Welcome

Make it count with Indigenous learners is a free community website for educators who teach mathematics with Aboriginal and Torres Strait Islander learners in primary and secondary education settings. This community extends the [Make it count](#) project managed by the AAMT. This site is a place for educators to seek support and to share experiences about the best ways to prepare students on the path to life success through mathematics.

New to the Community?

If you have any problems with registering or logging in, please contact connectwithmaths@aamt.edu.au or the [AAMT office](#).

A message from Chris Matthews

Welcome to this new site for supporting the teaching of mathematics with Aboriginal and Torres Strait Islander students. The focus for this community is on the word 'Connection', that is what the *Connect with Maths* community is about; connecting all different people to different ideas around the teaching of mathematics.

In November 2014, the Aboriginal and Torres Strait Islander Mathematics Alliance (ATSIMA) held its first conference. Stakeholders from Community, education and business attended, presented and extracted from the conference these 5 themes. Let's discuss these ways forward in the [Forum](#).

- Culture, identity and confidence
- Leadership
- Transition
- Investment
- Quality teaching and learning ... [more](#)

[contributed by Dr Chris Matthews]

Put your message and URL here
When you click on the URL button you will get [URL]
[http://www.google.com/\[URL\]](http://www.google.com/[URL]) Click on the URL button again to close to get [URL]

When you want to paste in the URL (weblink address) you need to click URL in the menu bar, paste in the weblink and then click URL again to close the tag.

Because this is an old application unfortunately it is better to do this otherwise you can just paste the URL but it might not be live.

When finished, Click Send for publishing.

As the creator of the post you can go back and edit if you wish.
